KPMG in India

Risk Analyst

Worked extensively across Enterprise Risk Management, Board Evaluation, Internal Audit and Internal Financial Control projects.

Clientele from the insurance, mutual funds, banking, private equity, iron & steel, pharmaceutical and automotive industries.

End-to-end execution of enterprise risk management, also leading training batches for students and corporates.

Recipient of the annual 'Rising Star' award from the CEO's Desk.

March 2013 – April 2014

Teach for India

The Fellowship

Using data driven instruction, I propelled students from a low-income, public school to 1.5 years of growth in Math, in one academic session.

Fund raising worth \$4200 to set up a library within the school.

Led training sessions for peers to further the quality of Math lessons across classrooms.

Skills and Pursuits

Proficient with MS Excel (macros and mathematical functions), MS Word, PowerPoint and Visio.

Hands on experience with research databases - PRIME, Capitaline Plus and CRISIL.

Passionate about yoga, distance running, theatre and cooking. Self learnt drummer & guitarist.

Languages – English, Hindi, Marathi, French.
