JOB OBJECTIVE

To pursue a career in Computer Systems Engineering fields and to contribute my knowledge, skills and experiences for the advancement of the organization while studying and making myself grow with the industry

Education

- ❖ **B Sc. Special (Hons) – Information Technology Specialized in Computer Systems and Network Engineering**
  Sri Lanka Institute of Information Technology.

- ❖ Red Hat Certified Systems Administrator Certification

- ❖ G.C.E. Advanced Level-2013- Chemistry –B, Physics-C, Combined Mathematic- C with General Knowledge- 83 and Z-score= 1.1240

- ❖ G.C.E. Ordinary Level-2009 – 7As and 2Cs

Work Experience

- ❖ Ongoing internship at **John Keells Computer Services Ltd** (Jun 2017- Present)
  Experienced in,
  - o Hands on experience in Linux environment - Installing and configuring Collabnet SVN, Bugzilla, Testlink, Apache, Tomcat,
  - o Cloud - AWS
    (VPC, EC2,RDS, Load Balancing, IAM, ….),
    Azure (Web Apps Deployment)
  - o Windows- Installing and Configuring Windows server 2016, Active Directory Management, User Migration, DNS, DHCP, Group Policies, Backups
  - o Virtualization- VMware EXSi

- ❖ Completed 6 months of Industrial Training at **Ceylon Petroleum Storage Terminals Limited** which was focused on following areas
  (Dec 2017- Jun 2016)

    Network Administration
    SCADA
    SAP
    Basic Instrumentation- PLC

Projects

- ❖ Optimized Polygraph Machine with Facial Emotion Detection and Body Language changes- RESEARCH
- ❖ Outdoor Navigation System for Blinds- SLIIT (GROUP)
- ❖ Automated Voice Controlled Vacuum Cleaner- SLIIT (GROUP)
- ❖ Banking Application- SLIIT (GROUP)
- ❖ Restaurant Billing System- SLIIT (GROUP)
- ❖ Online Food Court - SLIIT (GROUP)

Achievements

- ❖ Merit Award - "Hack Me If you can" – Capture the flag competition at CodeFest 2017
- ❖ Merit Award - IoT Application Development competition at CodeFest 2017

Skills

- **Networking**
  Routing Protocols- Static, RIP, EIGRP, OSPF, BGP
  VLAN Configurations
  Wireshark
  ACL Configurations

- **Linux**
  Shell Scripting,
  Logical Volume Management,
  User Management, Process Management
  Fedora, CentOS, Kali, Debian, Raspbian working experience and troubleshooting skills

- **Windows**
  Active Directory Management,
  Group Policy Management,
  DNS, DHCP
  Backups

- **Programming**
  C, C++,C#, Java, Python

- **Web Technologies**
  HTML, CSS, JavaScript, ASP.NET, PHP
  WordPress, Joomla

- **Databases**
  Oracle 12c
  MSSQL Server
  MySQL

- **Embedded Systems**
  PIC Microcontroller
  Texas Instruments- MSP430
  NXP KF82
  ATMEL 1281
  RaspberyPi
  Arduino

Languages

- Sinhala
- English

Referees

Mr. Anuradha Jayakody
Programming Head CSNE & Cyber Security
Senior Lecturer/ System Engineer
Sri Lanka Institute of Information Technology,
New Kandy Road, Malabe.
